You Wouldn't Put a Poor Roof on a Good Barn

THE same good judgment tells you not to put a poor share on your John Deere plow.

You can't expect that plow to maintain its good working qualities unless you keep it equipped with the genuine shares that fit right, work right and last the longest.

Genuine John Deere shares are made only by the John Deere Plow Works of Deere & Company and are sold by John Deere dealers.

We sell genuine John Deere shares. We take great pride in the way they are made, in the way they work and in the way they resist wear.

NEW SPRING STYLES ARE NOW ON DISPLAY

The beauties of Spring are manifest in the lovely displays of the new fashions in the store of Lacombe. The designers of gowns and millinery have outdone themselves for 1929, and never before have such beautiful creations been brought together for the adornment of one fair sex. The stores catering to the ladies have their various departments full of overhanging with apparel, calculated to please, and we doubt if any city can show a more up-to-date assortment in these lines than does Lacombe.

Our reporter decided to become acquainted with the up-to-date modes, and paid a visit to the stores during the week. What he saw in hand for a more man to describe. To his eyes everything was lovely, and as is said in connection with local plays, etc.: "The judges found great difficulty in awarding first place." He will not attempt to say what or who had the best stock, but will mention a few of the new creations which struck him as out of the ordinary.

F. B. McLeod
Visiting McLeod's ladies' wear department, he was shown a beautiful assortment of gowns for morning, afternoon and evening wear, a display of millinery that would delight the eyes of any lady, young or old, the very latest from the fashion centre of the continent. Very interesting was a new sport frock of chiffon serge in the new fandangio shade. The Peter Pan collar is finished with long ties; the waist and large flare cuffs are embroidered with wool, in black and white. Circular skirt is developed below the hips. It is a garment that will take the fancy of any exacting modern young lady.

Another garment that caught his eyes was a sumptuous wrap of French blue chiffon broadcloth, lined with white silk crepe bordered with black. An interesting feature is the way the front is carried around a standing collar. Where the two ends cross narrow bands of material, worked into V shaped points trim the back. Large V shaped cuffs are stitched and fit snugly around the wrist.

And there were hundreds of other articles of feminine adornment which must be seen to be appreciated.

A. M. Campbell
Then our reporter visited the Ladies wear department of A. M. Campbell. On the second floor is arrayed a display of gowns that bewildered him. The many racks filled to overflowing with beautiful dresses in the lovely new spring shades made a pretty picture, and only for the fact that if he was seen loitering around the department "people might talk" he could have spent hours in admiration. Then our reporter came back and for the next day or two made our life miserable trying to describe every dress he had seen in the four places visited, and as we go to press we can hear him muttering stiff, crepe de chine, ensemble, etc.

A lady visitor in conversation with our reporter remarked that Lacombe was most fortunate in having such up-to-date stores, and that even in her home city of Lethbridge, the beautiful garments could not be found. She also said that the Lacombe prices were astonishing to her, they were so much lower than the city prices.

There were some lovely creations in this large stock. It appears as the season progresses the ensemble gains in favor, and this style is shown in knitted woolsens, skirts and gowns. Two very pretty models in the new fabrics are shown, but we would call the attention of the ladies to a couple of numbers in georgette especially.

The one is of heavy crepe Elizabeth, in dark navy blue, and has dress and coat complete. The dress is made in a style suited for afternoon or informal evening wear and is fashioned with a two tier accordion pleated skirt and fine tucked blouse. The full length coat is suitable to wear over other dresses as well.

Another very pretty ensemble is in a light cream shade, made with a sleeveless coat and dress with long

slaves. The coat is notable for its trimming of a wide cutwork at the waistline. It has a full circular skirt and is a most most suitable for a modish sport figure.

Mrs. Dyke
Then he paid a visit to Mrs. Dyke's Exclusive Ladieswear Store, where in to be found a most comprehensive selection of frocks and millinery. Mrs. Dyke prides herself on being a judge of the beautiful things for women, and has gathered from the leading fashion centres of the world a display that would be creditable in any of our larger cities. Ladies only are catered to by Mrs. Dyke, and her stock comprises of every article of feminine wearing apparel.

Norman Campbell
To wind up an afternoon, the new Ladieswear Department of Norman Campbell, Ltd. was visited and a cup of tea partaken of before the strenuous effort of looking through the new establishment was undertaken. Mr. Campbell has recently had the second floor of his new store fitted up and devoted to women's and children's ready-to-wear, comprising ladies coats, dresses, corsets and silk underwear; children's coats, dresses and hats. The interior has been redecorated in French grey and white, ceilings, with rose gold curtains. Two spacious fitting rooms are conveniently situated, so that customers can enjoy the air of privacy, and garments can be seen and tried on at their leisure. The new department comprises 1200 feet of floor space, is one of the finest to be found in Northern Alberta outside of the larger cities, and ladies will appreciate the facilities provided. In a beautiful stock, of most up-to-date gowns, a chic dress made of polar blue crepe tulle took his attention. It is made with a long, tight-fitting bodice, joined to the popular two tier flare skirt, with an uneven hem line. The irregular neckline is finished with a cape over one shoulder. The dress is completed with a pure silk crepe slip.

Something new and different was a snappy sport suit, made with the sleeveless one piece dress of striped lace tweed that is so much in vogue this spring. The suit is completed with a box coat of over popular daffodil jersey.

A dressy coat made of broadcloth is made with a panel back, standing collar, long lapels which continue over the shoulder and form the severity the finish at the back. It is lined throughout with a heavy crepe to match.

The remaining 1500 square feet of the second floor is being devoted to housefurnishings, linoleums, linoleum rugs, small rugs, curtains, etc.

Then our reporter came back and for the next day or two made our life miserable trying to describe every dress he had seen in the four places visited, and as we go to press we can hear him muttering stiff, crepe de chine, ensemble, etc.

A lady visitor in conversation with our reporter remarked that Lacombe was most fortunate in having such up-to-date stores, and that even in her home city of Lethbridge, the beautiful garments could not be found. She also said that the Lacombe prices were astonishing to her, they were so much lower than the city prices.

There were some lovely creations in this large stock. It appears as the season progresses the ensemble gains in favor, and this style is shown in knitted woolsens, skirts and gowns. Two very pretty models in the new fabrics are shown, but we would call the attention of the ladies to a couple of numbers in georgette especially.

Lacombe Stock Wins at Calgary

Some of the finest Herefords and Shorthorns faced the judges at the opening of the Calgary Spring Livestock Shows and Sales on Tuesday morning.

Another heavy winner during the initial judging at Victoria Park was Frank Collett, of Crossfield. In the Hereford bull class 18 months and under 24 months, he won first with W. S. Gay Lad 6814, W. S. Gay Lad 6830 and W. S. Gay Lad 6812, respectively. S. M. Mace, of High River, came in fourth with Rollo, and Chas. Bull, Calgary, fifth with Beau Donald 5626.

Mr. Collett secured the championship in the Hereford bull class with W. S. Gay Lad 6814, the reserve going to O. L. Boggs & Son, of Daysland, for their Panama Bonnie Lad. Boggs & Son won first place in the

At the stockyards, W. P. Fleming again scored highly in the carloads of Herefords. As a matter of fact, he made quite a cleanup. In the class for fifteen finished Hereford steers 1,100 lbs. and over, he secured first and fourth place. For fifteen finished steers under 1,100 lbs. he won first and second prizes. For five finished steers over 1,100 lbs. he captured first and fourth, and for five finished steers under 1,100 lbs. he was awarded first and fifth place. He also won the Canadian Hereford Breeders prize for the best carload of Hereford steers aired by a Canadian recorded Hereford bull.

The other winners at the stockyards were as follows:

15 finished steers 1100 lbs. and over—Second and third prizes, Fred Cowman, Gardfield.

15 finished steers under 1,100 lbs.—Third, Paul Gabriel, Erskine; 4, J. Angus Robertson, Crossfield.

5 finished steers over 1100 lbs.—2, Mackenzie Bros., Lacombe; 3, Thompson & Thompson, Okotoks; 4, Paul Gabriel, Erskine; 5, J. L. Walters, Lacombe.

5 finished steers under 1100 lbs.—

Norman Campbell Co.

Thanks and Regrets

May we sincerely thank the public of Lacombe and district for their patience during last Saturday's rush of business and express our deep regret that so many were unable to receive our usual prompt service in our Grocery Department. For our rapidly growing business we are at once providing more space and equipment and more help will be here on peak days, to give close and prompt attention. We shall give you at all times super-service and values.

Here and There

2, McPhee & Co., Lacombe; 3, J. W. Thomas, Botha; E. M. Whiteside, Stettler; G. G. McArthur, Botha.

At the individual judging at Victoria Park, the University of Alberta succeeded in capturing the first prize ribbon for a Shorthorn bull under 18 months. This was won by Consul's Valentine, a magnificent roan.

His Royal Highness the Prince of Wales was placed second in this class with Princeton Impression. This, too, was a splendid roan. There was certainly not much to pick or choose between these two fine bulls.

The University of Alberta also won third place with Consul's Choice, William Hudson, of Kalthryn, took fourth place with Strath Stamp, a dairy strain Shorthorn, while Alec McDougall, of Chumpey, secured fifth place with Pioneer, a very creditable example of the Shorthorn breed.

In Aberdeen-Angus bulls under 18 months, C. H. Richardson of Bowden, was awarded first place for his Blackbird; the Dominion Experimental Station, Lacombe, coming second; Thos. Henderson, Lacombe, third; Jas. Liddell, Loughheed, fourth and William Gibb, Killam, fifth.

Another heavy winner during the initial judging at Victoria Park was Frank Collett, of Crossfield. In the Hereford bull class 18 months and under 24 months, he won first with W. S. Gay Lad 6814, W. S. Gay Lad 6830 and W. S. Gay Lad 6812, respectively. S. M. Mace, of High River, came in fourth with Rollo, and Chas. Bull, Calgary, fifth with Beau Donald 5626.

Do you know why McLAUGHLIN- BUICK rides so much more comfortably than other cars? Here are three important reasons

McLAUGHLIN-BUICK'S famous cantilever springs—the most expensive type of springs employed on any car in the world, coupled with the famous McLaughlin-Buick torque tube drive—are designed solely for comfort, not for transmission of power, and provide the maximum degree of riding restfulness.

McLaughlin-Buick's Lovejoy hydraulic shock absorbers—front and rear—absorb the jars and jolts of the roughest roads, thus adding still further to the buoyancy of McLaughlin-Buick travel.

And McLaughlin-Buick's deep, soft seat-cushions, together with the lounging spaciousness of McLaughlin-Buick interiors, provide unequalled riding luxury for every passenger.

McLaughlin-Buick offers the highest standard of motoring comfort ever attained; and this is one vital reason why more motorists drive McLaughlin-Buicks than any other fine car.

Here and There

284. Three fish hatcheries will soon be in operation in Alberta, those at Banff and Waterton Lake being supplemented by one at Edmonton. Each can handle 1,000,000 fry a season. These are not necessarily "trout fish."

A twenty dollar gold-piece that was insured for a thousand dollars and that sold for twelve hundred, was recently shipped by Canadian Pacific Express. The coin is one of seven struck by the government in the Cariboo district at the time of the gold rush. It being thought that a mint could best be operated on the spot. This proved uneconomical, however, and after seven pieces had been issued, the project was abandoned. The coin in question was shipped by the S.S. Montclair to a numismatist in England.

Over 97% of the total investments of the Canadian Pacific Railway and all its varied enterprises are in Canada.

Most fruits, except those indigenous to the tropics or sub-tropics, are now grown in British Columbia. Apples, apricots, cherries, peaches, plums, prunes, nectarines, figs, loganberries, raspberries, strawberries, grapes, almonds and other less hardy fruits and nuts are now grown commercially. Apples have been grown for 17 years and the volume of production from 230,000 to 3,000,000 bushels.

With 99 arrivals scheduled at the port of Montreal and Quebec during the 1929 season, the Canadian Pacific sets up a new record for one line sailing its ships via the St. Lawrence route. There will be 74 arrivals and departures at Montreal and 25 at Quebec, the season opening with the arrival of the 24th of the Montclair and the departure of the 25th. The latter will be on her maiden voyage after a winter of cruising in the Mediterranean.

One little pig went to market; and low and behold there were eight little pigs when the shipment arrived. It was a sow, and on route seven little pigs were born. Whether the shipper or the express company should pay the fares of the seven extra and unexpected pigs is a matter that has not been decided yet.

Thirty thousand tons of railway material—trucks and steel framing for box cars—will shortly leave Vancouver for the Orient, as equipment for the Trans-Siberian Railway. The order for this material was placed thirteen years ago, but delivery was halted with the outbreak of the Russian Revolution, and the equipment held in the Canadian Pacific Railway's yards at Coquitlam until conditions for delivery were more favorable.

Vancouver's growth since its incorporation in 1886 is revealed by the official estimate of the population of the new city by the assessment commission which places it at 228,193 for the city proper. A reliable but unofficial estimate of the population of Greater Vancouver is 285,000 exclusive of New Westminster. Greater Vancouver includes the City of North Vancouver, the district of North Vancouver and the municipalities of Burnaby and West Vancouver. Greater Vancouver and New Westminster jointly have a population of about 300,000 or about half the population of the entire province.

FRASER-MACDONALD AGENCY

The Vatican and League

As a result of the recent treaty, the Vatican is now restored as a separate state of Europe and there has been considerable interest in the question whether or not it will enter the League of Nations. It is contended by those best qualified to speak that it will not. On the other hand there are a great number of Roman Catholics in all parts of the world who believe that the entry would be a wise move and give the League the additional prestige of formal sanction by the head of the largest Christian denomination in the world. They contend further that such a move would mean that the cause of peace must be materially assisted by the support of one whose 600,000,000 followers believe that he is the infallible spokesman for the Prince of Peace.

Despite this point of view the majority of Roman Catholics, it is believed, would oppose the action because the League is a practical body and they are not in favor of His Holiness compromising his spiritual and moral authority by definite alignment with temporal affairs.

One of the best and most broad-minded Roman Catholic publications on the continent, "The Catholic Record," has this to say on the subject:

The League of Nations have to deal with political matters. Now we have always noted that the priest or the bishop who messaged up in matters purely political always lessened his spiritual and moral prestige and influence. We fail to see how the Pope could fare any better if he were to meddle in the political matters with which the League of Nations deals.

Whether the politics were municipal, provincial, national or international, the priest or the bishop or Pope might take sides as a citizen exercises his influence; but it is always unfortunate if he drags or tries to drag the Church into such matters. In our own day the Action Française is a notable illustration of the futility and wrongheadedness of the priest in politics. In spite of the express condemnation of the Holy Father many priests, bishops and laymen still persist in identifying the Church with monarchism. It is only the stern and fearless action of the Holy See that frees the Church from this unmerited stigma. Individually priests, bishops or laymen may hold what political views they choose but neither cardinals, bishops, priests or laymen may identify the Church with such views.

The Record further points out that at the League of Nations, the Vatican like the U.S. keeps an unofficial observer who lately received a communication from His Holiness which states that he has no desire to enter the League. The Pontiff points out that he could not take sides between some equally dead to him in questions which do not concern Christian authority or even international morality. Another reason given was that the rank which the Pope would hold at Geneva would be the same as that held by 50 temporal powers. The most cogent reason advanced was that despite the great social and humanitarian questions which occupied its attention most of its problems were of a temporal character, interference in which would merely compromise the spiritual and moral authority of the pope.

Statistics from Western Canada show that the revenue derived from grain production and agriculture in general is rapidly increasing and much wealth is derived therefrom. Still there are leaks in the system which are rapidly increasing. For instance, the farmers of Western Canada are sustaining tremendous losses as a result of weeds. It is estimated that in 1928 weeds cost the West a loss of from fifty to seventy-five millions of dollars. Is there a solution to this? That is the question that naturally confronts us.

According to a survey made by the Dominion Seed Branch in 1926-27, some fourteen per cent. of our Alberta farmers in the districts covered by the survey made an attempt to clean their grain before sowing it. The survey showed that in some cases as many as 472,360 weed seeds per acre were sown in wheat, 504,000 in oats and 493,066 in barley. We know that weed seeds under ideal conditions germinate one hundred per cent. We also know that many of them will stay in the ground for many years and germinate when we least expect it—when they are brought near the surface into a seed bed with the proper amount of moisture and heat. One seed will produce a plant. One plant will produce many millions of seeds. It is therefore, any wonder that many of our farmers are so woody, and that so many of our farmers do not derive greater financial returns from their operations? Were it not for this heavy drain on our agricultural resources our towns and cities would be larger and our business houses more prosperous. Our country would have a much better standing in the eyes of the outside financial world. More people of a desirable type would settle in our midst. Instead of Alberta having only 82,000 farmers on the land and a total population of 682,000, would it not be reasonable to expect that these numbers would be considerably increased?

We are told that Western Canadian wheat is not looked upon with the same degree of favor by the millers and bakers of Great Britain and Europe as it was in the days when Manitoba wheat established its high reputation. We are reminded that less than a quarter of a century ago practically all the wheat from the western plains graded Number One hard. Today less than a score of ears annually are put into this superior grade. What is the reason of this?

True, during the last two or three years weather conditions have been unfavorable to the production of high quality wheat in many districts of the West. True, there are too many different varieties being sown. Too many of our farmers are sowing mixed varieties with the result that we get a commercial product that lacks uniformity in maturity and possesses other undesirable milling and baking qualities. Thanks is due for the excellent work of the Canadian Seed Growers' Association and its members in spreading the gospel of the value of registered seed. They are doing much to convince the public that it is essential to sow hard spring wheat that is true to type, pure and of a variety acceptable to millers and bakers. Great credit is also to be accorded to our scientists of the past and present ages for giving to us the varieties that mature earlier and eliminate the losses from early frosts.

Investigation and research have shown that one of the chief reasons for the depreciation is the lack of protein, which follows as a consequence of the depletion of plant food, particularly nitrates from our soils. It has been shown that the growth of weeds has removed sufficient of these soil constituents to reduce the grade of our wheat, and that had it not been for the growth of weeds, our Western Canadian wheat would show much greater baking strength. The outside demand would be greater and competition from other wheat growing countries would be less keen. Large premiums would be forthcoming and a more stabilized market created.

It is, therefore, clear that the matter of weed control is closely associated with the question of better seed, and that both of them must be linked up with the greatest principles which go to make agriculture an industry that is both practical and scientific.

Let us hope that every farmer in Western Canada will not only advocate the use of better seed and good farming principles, but that he will also make every effort to prevent the loss of which notice has been so often given. Let us hope that the various factors in good farming practice will go far towards providing a solution to the Noxious Weed Problem.

**Sow Clean Seed
...It Will Pay You**

Statistics from Western Canada show that the revenue derived from grain production and agriculture in general is rapidly increasing and much wealth is derived therefrom. Still there are leaks in the system which are rapidly increasing. For instance, the farmers of Western Canada are sustaining tremendous losses as a result of weeds. It is estimated that in 1928 weeds cost the West a loss of from fifty to seventy-five millions of dollars. Is there a solution to this? That is the question that naturally confronts us.

According to a survey made by the Dominion Seed Branch in 1926-27, some fourteen per cent. of our Alberta farmers in the districts covered by the survey made an attempt to clean their grain before sowing it. SPRUCEVILLE NEWS

The Dramatic Society presented their play "Mother's Love" at Clive last Thursday. The play was well received and the society is well pleased.

Miss Mary Proudfoot is spending the Easter holidays with her parents. Irwin Gottschlich has gone to Lincoln to do some custom grinding for spring work begins—you like to be busy, eh?

Miss Beanie VanDyke and John Bos were married last Thursday. We wish them much joy in their married life.

Mrs. Frank C. Smith of London, Ontario, is visiting at O. H. Walker's. Don't forget the Whist Drive and Dance in Spruceville Hall, April 5th. Miss Meyer is visiting Mrs. Kahan.

Mr. J. M. Southward, Fred Karsigleser and J. J. Kahan are attending the spring show at Calgary.

Mrs. O. H. Walker is leaving for Iowa to visit her sister Bernice, who is ill. We hope she will soon be better.

MEADOWBROOK NEWS

Mr. A. Wedlund has purchased a John Deere tractor.

Mrs. Edna Brown is visiting her parents Mr. and Mrs. W. Willes.

Mr. Isiah Riley also had 2 Rugby tractors from Ponoka hauling his grain to town last week.

Mr. and Mrs. Klids, Sr., have left Wedund, where they made their home all winter.

Mr. Joe Long shipped 26 head of cattle to Calgary. Some of his steers brought him over \$100 apiece.

Misses Lyla Carlson, Beatrice Miller, Myrtle Riley and Lily Long were week-end visitors at Mrs. Will Kiley's.

Ellis Riley has purchased a Durant Sedan.

Mr. and Mrs. Ed. Mitchell made a business trip to Edmonton last week end.

We are glad to see Nath Taylor is able to be out after his recent illness.

The Rawleigh man has been around our district already this spring and says he will be back in two weeks time with his car.

George Henderson Jr., has purchased a new 15-30 McCormick-Deering Tractor.

LOCKHART NEWS

Harry Beddoes had an unfortunate accident last Sunday. He and his brother were separating a mare and colt from the other horses and one of the horses kicked him in the mouth knocking out three teeth and cutting his lip and gums. Dr. Brunton was called and found it necessary to take a few stitches in the boy's lip.

Dr. Brunton took Willy Jaffray, who had his arm broken last week, to the hospital on Monday for an X-ray examination.

Mr. and Mrs. Goin and Mr. and Mrs. Biehmel motored to Red Deer via Lacombe last Monday and report the roads in very good condition.

Mr. and Mrs. Shewen and son, Leroy, who have been cooking in logging camp near Revelstoke B.C. during the past winter returned to the Valley last Saturday.

Mr. G. H. Beddoes will attend the bull sale in Calgary next week. He shipped his two year old Aberdeen Angus bull down on Thursday.

Miss J. Cook is spending the Easter holidays with her parents in Calgary.

Timbers are being hauled for a new bridge on the road between Mr. Malcolm's and Mr. Pike's.

Miss Hazel Malcolm has been quite ill with the flu.

The Junior U.F.A. will put on their play and a dance in the hall, on Friday, April 5th. Those who saw the Juniors play last year know that they have a treat in store, so come early and get a good seat.

The dance put on by Bing and the Conley Brothers last Friday night was not so well attended as they expected, but those present reported a good time.

Mr. Gyorl and Mr. Jim Jaffray shipped some cattle to Calgary through the pool last Tuesday.

THE SALVATION ARMY

On the 4th of April there will be a lantern service on the Life of Christ in the Salvation Army hall. A silver collection will be taken.

The Home League will hold a sale on the 18th of April, of all kinds of sewing. Afternoon tea will be served from 3 to 6. Everybody heartily welcome.

WEDDINGS

Carbone-Sakofsky
At the Baptist Parsonage, March 22nd, 1929 by Rev. Jas. Deason, Nick Carbone was married to Louise Sakofsky, both of Rimby.

Danser-Elliott
At the Baptist Parsonage, March 25, 1929, by Rev. Jas. Deason, Harold Ray Danser and Miss Anna Elliott were united in marriage, both of Clive.

Bos-Vandyt
In the Baptist Church, Lacombe, Johannes Hendrick Bos and Tjitke Grietje Vandyt were united in the bonds of holy matrimony by the Pastor Rev. Jas. Deason of Lacombe.

62 Horse Power

COMPARE Oldsmobile's 62 horsepower engine with the actual horsepower rating of other cars in its price-field—and you'll understand why the finer Oldsmobile moves in a class of its own!

Then get behind the wheel of an Oldsmobile—adjust the driver's seat to the exact position that spells comfort and relaxation—and drive. Learn what 62 horsepower means in performance—speed in abundance—power to spare on the steepest hills—snap, verve and action.

And smoothness that only Oldsmobile's exacting standards of precision engineering could accomplish.

For the finer Oldsmobile sets a standard of performance in keeping with the stylish beauty of Oldsmobile's Fisher Body, the comfort of its Lovejoy Shock Absorbers, and the luxury of its rich upholstery and appointments.

Come in and see the finer Oldsmobile today.

LACOMBE BUSINESSMEN BANQUETED BY CANADIAN JUNIOR COLLEGE

A large number of the business men of Lacombe attended the banquet given in their honor by the officials of Canadian Junior College, Tuesday evening last. Arriving at College Heights shortly after six o'clock, the men were met by a committee and were taken through the entire college. The first place visited was the main school building, and the guide explained the purposes of the various class rooms, laboratories, etc. The library of the college, comprising approximately 3000 books is a credit to any institution. The East Hall was the next building visited, and the party was shown through the college print shop and store. Next, the new school building and gymnasium, and more interest was taken in this place by the men than in any other. Machines were started and explained, and articles of workmanship in various stages of construction were displayed. Most of the men would have enjoyed staying there for hours. After the tour of the buildings the party was taken to the main dining hall, and were then left by the guide and instructed to locate their places at the long banquet tables. Each place had a place card, and much merriment was caused in hunting for places. As soon as the places were located the banquet commenced, and a most delicious supper was served to which ample justice was done by the large crowd in attendance. Following the supper speeches and songs were given by members of both the College Staff and the visitors from Lacombe. The College Orchestra was greatly enjoyed by all present and much praise is due the leader for the manner in which the various numbers were played. The banquet ended at about ten o'clock, and the visitors heartily expressed their appreciation for the wonderful evening's entertainment extended to them by the College staff.

ITEMS OF INTEREST

The usual Presbyterian service will be held in D. Cameron's store on Sunday evening.

Imp Sayings

A Column of Fun and Facts for Lacombe Folk and our Friends

Successful farming is like every other successfully run business in that it requires a lot of thinking and working combined with a fair measure of luck. And we think this particular little section of the county is especially favored in the sound thinking, hard working class of farmers who surround us. The one thing they need is the luck.

With a McCormick-Deering Tractor, good plowing is speedily done and seed beds can always be prepared in season. Ask for a demonstration.

Newspapers are full of advice by doctors on what to do when run down. The best thing to do is to get the car's number if possible.

McCormick-Deering Grain Drills seed accurately and pull light. For every farm, either large or small, we have them that will fill the bill. They are built to serve.

One of the nicest things about piloting an airplane is that the roar of the motor drowns out the back-seat drivers.

We have McCormick-Deering P. & O. plows for the largest or smallest operations. They are very light draft and exceptionally easy to handle in the field.

A Lacombe lady says, "It's a sign your husband needs a shave when he asks if he needs one."

A McCormick-Deering Ball-Bearing Cream Separator puts the cream where you want it and provides a steady income. If you need a good cultivator get a McCormick-Deering.

BENTLEY

Mrs. Weatherell and baby arrived from Bon Accord last week to join Mr. Weatherell here and they have taken up residence in the rooms at the store. We welcome her to our midst.

Mr. Ed. Haarstad of Sunset District is looking over the Peace River country.

Mr. and Mrs. Dwyer arrived home the first of last week from a three months trip to the coast.

Mrs. Glen Wright was in Calgary last week attending a convention of the Nazareth Church. She went as a delegate to represent the Church at Rimby.

Miss Florence Miller and Mr. Wm. Grant were up from Olds and spent Easter Monday at her home here.

Wm. Irvine, M.P. who has been spending a short holiday with his family, started on the return journey to Ottawa the first of the week and will be present when parliament opens again.

Miss Cumberland of Leedale is the guest of Miss Irene Weise.

Mr. Irvine Palmer returned from Champion the first of last week. He had been down to bring his little daughter, who had been with his sister, back to Lacombe where they are being cared for by their Grandmother, Mrs. Chas. Raymond.

Miss Wright and Miss Barker of Rimby are guests at the Glen Wright home.

Mrs. Challand of Leedale visited at the Mest Challand home north of town last week enroute home from a visit to her mother at Lacombe.

The W.M.S. held a very enjoyable meeting on Thursday last at the J. G. Evernden home. After business was disposed of the hostess served a dainty lunch.

Roy and Charlie Gardies are spending their Easter holidays at Norbury with their parents.

Mrs. Marriott was down from Rimby for part of the Easter holidays.

Mrs. Vedfist is visiting her son and family at Rimby.

Mrs. Murray (nee Verna Chown) is a visitor at her home here.

The Board of Trade Luncheon held in the Community Hall on March 26, was well attended, about 40 being present. An enthusiastic business session was held, discussing matters of local interest, the principal one being that of formulating some plan to bring the improvement and beautification of Brownhills Landing, our local summer resort. Mr. Chas. Hayden of the Calgary Herald was present and addressed the meeting on the Fish and Game of the Province. Wm. Irvine, M.P., also addressed the meeting.

Bentley's young people, home for the holiday include Mr. Roy O'Brien,

from Wessex, Wilfred Thorp from Calgary; Bill Thorp, from Olds; Dick Dameron, from Staveland and Glen Williams, from Crossfield.

Dr. Henry accompanied Max Mowski, who has been under treatment at the hospital for some time to Edmonton last week for further treatment. Mrs. Parmenter of Sunset District was also taken to Edmonton the last of the week to consult a specialist.

The Easter Season was well observed by the Churches. Special services were held at the Anglican Church on Sunday morning with a good crowd present. The United Church had a special Easter service on Friday evening with quite a crowd in attendance.

On Sunday evening a special service was held when eight young people entered into full communion and were welcomed by the members of the church. On Monday The Ladies Aid did themselves proud in serving an excellent supper to the bigger share of the inhabitants of the village.

Supper was followed by an excellent entertainment in the Church, put on by the programme committee. The numbers were all good and well received by the large audience. The choir gave several good selections and special mention must be made of the vocal numbers by Miss Anne Leiske and Mrs. Glen Wright, who are gifted with fine voices. Miss Wright of Rimby assisted also. Mrs. Slaughter gave an account of the first Easter service and the first Easter programme put on by the Ladies' Aid soon after its organization some twenty-nine years ago and stressed the good done by the society during these years. Musical numbers were given by Mr. Talbot while Mrs. Morech gave two readings in her usual pleasing manner. The last number was an excellent address by Mr. Wm. Irvine, M.P. His discourse might be called the pursuit of happiness. He described portions of Mather's picture "The Bluebirds of Happiness" and stressed the importance of finding happiness in the homely things of every day life, rather than waiting till we had accomplished some big thing. The Ladies' Aid are indebted to Mr. Irvine for so kindly giving them a portion of his short holiday.

Miss Carrie Kent is down from Edmonton for a few days visit with her sisters, Miss Mary Kent and Mrs. Henry.

Miss McLagan is spending Easter Holidays at her home in Edmonton and will attend the Teacher's Convention there. Miss Kent will also attend convention.

The value of Bentley's little hospital to the community was well illustrated last week when Mrs. Ole Barndhagen of the Gilly district underwent a successful Caesarian operation. Dr. Henry of Bentley and Drs. Locke and Hyman of Lacombe were in attendance and through their skill,
